ABOUT ME

I am a computer technology student. I enjoy learning new things, especially about software development and user interface design. I am proficient in several software development technologies such as HTML 5, CSS 3, JavaScript, Tailwinds, Bootstrap 5, PHP, Laravel and I can also operate Figma for designing user interfaces.

EXPERIENCES

Instiki
Leader Web Programming Division

(October 2022 - February 2023)

PROJECTS

Web Dev - Document Archiving System (SIISIP)
https://github.com/TresnaAgustina/Sistem-Arsip---SIISIP

(September 2022 - December 2022)

SIISIP is a system for organizing and storing documents in a way that makes it easy to find and retrieve them when needed. The purpose of an archiving system is to provide a secure and organized method for preserving important documents

Web Dev - MyLinkTree
https://tresnaagustina.netlify.app/

(September 2022 - September 2022)

MyLinkTree is a website that contains links to social media, portfolios, and others. I created this website using HTML 5, CSS 3, and Javascript and using the parallax.js library to create parallax animations.
